

Table 1 – Post-Experimental Attitudes toward Congressional Performance

Congressional Approval	Experimental Condition				
	Control	Efficient Process	Inefficient Process	Positive Economic	Negative Economic
Strongly Approve	15%	13%	10%	10%	13%
Somewhat Approve	40	45	37	39	40
Somewhat Disapprove	26	24	30	27	28
Strongly Disapprove	19	18	22	24	20
N =	207	195	194	231	200
γ		0.03 (p=0.69)	-0.12 (p=0.13)	-0.11 (p=0.14)	-0.03 (p=0.72)

Gammas and corresponding p-values are based on each experimental condition compared to the control group.
